

Council for the
Accreditation of
Educator Preparation

SCHOOL OF NURSING,
EDUCATION AND HUMAN STUDIES

Data on the ability of completers to be hired in the educational positions for which they have prepared were collected from several sources: alumni surveys, the Pennsylvania Department of Education Teacher Information Management System (TIMS) Search Educator – Educational Entity, Linked In or faculty notification with school district staff directory confirmation, and emails from students. Please note that employment data are not static. Information presented was based on data available for program completers one year post graduation. Due to the small number of employer surveys returned, results are not disaggregated by program in this document but are available to CAEP.
